TUES 'AN. : : : : MARCH 21, 1876.

OLD as we are, we are not insensible to the weight and worth of complipi ments like this, from the Pine Biuff Press: "The Memphis APPEAL continues to be the leading Democratic organ of Tennessee. This is as it should be." We thank our cotemporary, and shall endesvor always to deserve just such friendly criticism.

THE congressional Democratic committee is aumounced as fully organized. for the Presidential campaign, and requets the Democratic organizations in all the States and Territories to send in immediately the names of regular com mittees. Applications for documents. speeches and other political matters, and all communications relating to the business of the committee, should be addre-sed to the secretary at 124 F street, Washington City.

THE members of the board of health who have done so much for the city, will, we trust, avail themselves of the p seemes of the snow to show what they can do, by insisting upon every house h dd-r cleaning the sidewalk in front of h - residence. Nothing induces pneum mis and kindred diseases so readily as snow-siush, through which our people will be compalled to trudge, unless on is carried out. The labo to each family and business man will be nlight, but the good and benefit to all will be inexiculable. Let us have clean and dry sidewalks at least.

EDITORS APPEAL-A long time since I read from your paper the life and death of Mattle Stevenson. I have been thinking that your women of Memphis could not do a better thing for the women's department of the Centennial exp sition than to send her picture, neatframe), a picture of the beautiful monument which you have raised to her accompanied by a brief report of her work. I do not know of a more touching incident, nor the nebler exprescion of a city to a woman who gave her life for theirs. We are desirous of obtaining everything that tells of woman's benevalent and christian work, as well as in art, science, etc. Will you atraid to arm them. They are clamorpresent the matter to your ladies? What is done must be at once. Perhaps they have already made application to Mrs. E. D. Gillespie, 903 Walnut street, Philadelphia, for space for such pictures. If they have not, I do wish they would, MRS. SARAH K. BOLTON, 2018 inclid avenus, Cleveland, Ohio. March II, 1876.

It affords us unmixed pleasure to find space for the above. The suggestion it coutains is a good one, urged by a good purpose, with a noble end in view. The pertrait of the heroine and the picture of her grave and monument would be a touching tribute of our appreciation, and one that could not fall to have a decided effect upon all visitors to the Centennial exposition. He says: "If I were asked to name two tee reports adversely, are we to conclude persons in the State more corrupt and base than all others, I would unbesitate that it knows Dana to be guilty as ingly name Colonel Meyer asone." The Times's letter says the President would have removed Meyer six weeks ago, but for the intervention of Secretary Bristow, who plead that no action should be taken in the ma ter until the termination of the whisky cases then pending. These having concluded, Meyer's removal may be expected any day. The letter further states that the President will not remove Meyer on the represent ations of any one connected directly or remotely with the whisky frauds, nor for any act of his si ce he became sup-rvisor, but on the statements made by M'C.urg and Fletcher.

Disastrons Fire-Five Hundred Thou sand Dollars Worth of Property Consumed and One Hundred versons Rendered Homeless.

CHARLESTON, March 20 .- A fire broke out at three o'clock this afternoon at the corner of King street and Rogers alley. No water being in the neighborhood, and the wind blowing a gale from the southers, the whole block, from Columbus to Line street, on the east and west side of King street, was soon destroyed. About seven o'clock the fire crossed Line street, the sparks and cinders being carried by the gale three-quarter+ of a mile up King street road. The houses, fences and farms along that road were burned. Heart-rending scenes were witnessed, and, to add to the confusion, bands of negro robbers sacked every house to which they could gain admittance. Late in the morning Major Cunningham took command, and some order was restored. By half-past ten the fire had burned itself out. Hundreds of persons are homeless and penniless. The loss is at least half a million dollars, and very little insuarance is re-ported. The boundaries of the burnt disrict are on the south, Columbia street and Rogers alley; on the north, the racecourse; on the east, the South Carolina railroad; and on the west, St. Phillips
